

Stenbury Federation

5th September, 2018

Dear Parents,

I hope you have all had a lovely summer? It has been a pleasure to welcome back the pupils and it has been lovely to return to work with the Stenbury Federation schools. We have a very exciting year ahead and I am looking forward to leading the schools into the next phase of our journey.

I am aware that there has been much turbulence and change over the last year and that has been sometimes quite challenging. There will continue to be improvements and essential operational and physical changes to all the schools over the coming year. I will endeavour, with the team, to inform you as much as possible of these and manage them so that they positively impact the children.

I am still getting to grips and re-acquainting myself with each school. There is much that I need to find out and learn and I thank you in anticipation for your support whilst I do this. We are working very closely with the local authority and Governors to ensure the Federation continues to build on the improvements that have been made to ensure each school can be a beacon of success for our island community.

Each of the schools have had and will have physical improvements to the buildings and site in the coming months. I urge you all to be patient with some of these adaptations as they may have an impact on routines and the functioning of the schools from time to time.

I am really looking forward to working in the Federation again.

Mr Snow
Interim Executive Headteacher
