Author visit to school - Tuesday 8th February

Kingswood trip - 30th March - 1st April - parents' meeting in preparation tbc

Welcome back to school and happy new year! Even in the first two days of the new term, we can see how children are used to, and rely on, routines established in the autumn term. This platform gives pupils a chance to really engage with their learning and make good progress. This will of course be helped by daily reading at home, and by completing the homework weekly.

A few routines;

We have gone back to having two separate P.E. sessions, on Tuesday and Thursday afternoons. Please can children come to school in their P.E. kits on these days. They should also have a water bottle, which can be kept in school, and fruit as a snack at break times.

We will be continuing with Google Classroom for homework. This will be a weekly piece of English or maths linked to the learning we have been doing in class. This will be set on Thursday and checked the following Wednesday, and paper copies will be provided each week if requested.
